

(Senior) Trust Accountants (Corporate Financial Services, NO DUTCH required!)
(please read the requirements carefully)

OUR AGENCY

Our agency specializes in jobs in an international working environment mostly within the Dutch Trust Branch. English is the spoken language for most of our clients, a fluency or good working knowledge in other languages, such as Chinese, Arabic, Russian, Spanish, or French will be a big plus point! We have partnerships with firms of all sizes.

OUR CLIENTS

Our clients range from Global leading corporates to smaller, more intimate companies (1 – 50 FTE and above) We will see what fits you best.

All of our clients offer excellent career opportunities; the possibility to develop themselves and grow within the business in a great working environment. Great salaries and benefits. Most of our clients are based in Amsterdam but we are occasionally recruiting elsewhere. (also on demand) If you tick all the boxes a sponsorship may be provided

Responsibilities & requirements:

- 2 -7 years of work experience within Corporate Financial Services, Trust office, Fund services or Accountancy (must have)
- Fluency in English, additional languages are a plus point
- Finished studies, for instance in the direction of Bachelor or Master in Accountancy, Business Administration, Accounting & Control etc.
- Can draw up annual accounts independently
- Good working knowledge and experience with international reporting systems, IFRS, Dutch GAAP
- Responsible for various tax returns, CIT, VAT
- Responsible for the complete financial administration for own client portfolio
- Can run several clients' administration independently
- Main contact for client, banks, tax offices
- Works closely with colleagues from legal and tax departments
- Communicative
- Organized
- Hands-on
- Team player

The responsibilities may vary with the seniority of the position.
